What's new in Paperless for Windows 2.1?

Here's what's new in Paperless for Windows 2.1:

Other

- Redesigned the Paperless import process and interface to make both importing and scanning more streamlined. Specifically, removed the following elements from the window:
    - Metadata fields
    - The OCR Text field
    - The Source button
    - The Scan button
    - The OCR button
    - Preference checkboxes
