Does Paperless calculate Sales Tax (or Value-Added) automatically?

Customer Service - 2018-12-17 - in Managing Library Items and Metadata

Does Paperless calculate Sales Tax (or Value-Added Tax) automatically?

At this time, Paperless does not calculate Sales Tax (or Value-Added Tax) automatically. To add these values to the Tax/ VAT field, it will be necessary to calculate the amount of Sales Tax/ VAT manually. We intend to evaluate options to provide this functionality in a future release of Paperless.
