How do I add and modify recipe categories, courses, prep times, etc.?

Mac Johnson - 2019-05-24 - in MacGourmet VERSION 3 ONLY

Q: How do I add and modify recipe categories, courses, prep times, etc.?

A: Lists of information, like categories, courses, etc. can be modified using the Lists Editor, which can be found in the Tools menu. There is a section on using it in the Users Guide, which can be found in the Help menu.
