I converted a Microsoft Word document and I can't see any hyperlinks. Is there something I can do to get these to display? Is this a known issue?

Jim Henson - 2015-03-24 - Mariner Write

I converted a Microsoft Word document and I can't see any hyperlinks. Is there something I can do to get these to display? Is this a known issue?

Mariner Write currently does not convert hyperlinks. This is a feature we plan to add in the future to our Word converter code.
