I have lost all my data that was there last time, and I cannot save any new screenplays.

Jim Henson - 2015-03-24 - in Contour (Win)

I have lost all my data that was there last time, and I cannot save any new screenplays.

This is likely due to moving the 'My Contour' folder out of the My Documents folder. Please move the 'My Contour' folder back into the default position within 'My Documents' and allow it to remain there.
