Mariner Software

Paperless 3 Competitive Upgrade

Logan Ryan - 2018-12-17 - Upgrading/ Updating Paperless

I own another receipt/document management app. How do I go about getting competitive upgrade pricing for Paperless 3 for Mac?

Our competitive upgrade path allows you to purchase Paperless 3 for only $49.95 from ANY other receipt/document management application. The process is simple. Send a note to sales@marinersoftware.com with your serial # of the competing software you had previously purchased. We will validate the serial # (if you do not have a serial number, please reply with a copy of your original purchase receipt) and will respond back with a custom promo code to use in our eStore to purchase a full copy of Paperless 3 for Mac for $49.95 (about a 30% discount).
