What's new in Paperless 2.1.1?

Customer Service - 2019-10-16 - in What's New?

What's new in Paperless for Mac 2.1.1?

Here is what's new in Paperless 2.1.1:

- Resolved an issue where Paperless might crash if library window is closed while attempting to write information to the library file.
- Resolved an issue where Paperless might crash while generating a report if a PDF has become dissociated from the corresponding library item.
- Restored automatic ScanSnap configuration under Lion.
- Resolved an issue where OCR did not run under Lion.
- Resolved an issue where autofill pulled information from an incorrect location.
- Provided logic to address specific situations where Paperless would fill values to the Amount field from the Subtotal line in receipts.
- Enabled autofill to the Tax field.
- Removed scrollbars from the continuum display (top pane) in CoverFlow view.
- Resolved an issue where Paperless would not quit if a read-only library was open.
