What's new in Paperless for Windows 2.1?

Here's what's new in Paperless for Windows 2.1:

Other

- Redesigned the Paperless import process and interface to make both importing and scanning more streamlined. Specifically, removed the following elements from the window:
  - Metadata fields
  - The OCR Text field
  - The Source button
  - The Scan button
  - The OCR button
  - Preference checkboxes
